500 "September 2018"--Title page verso.  
504 Includes bibliographical references (pages 363-390) and index.  
520 Investigative reporter Bob Woodward describes life inside President Donald Trump's White House and precisely how he makes decisions on major foreign and domestic policies. Woodward draws from hundreds of hours of interviews with firsthand sources, meeting notes, personal diaries, files and documents. The focus is on the explosive debates and the decision-making in the Oval Office, the Situation Room, Air Force One and the White House residence.

### BLUEcloud Lists

Whether you're an academic liaison librarian motivated to deliver a better student experience and improved learning outcomes, or reader development librarian changing lives by connecting people with literature, you'll want to make sure the library invests in the right resources and that patrons can find them with the minimum of effort.

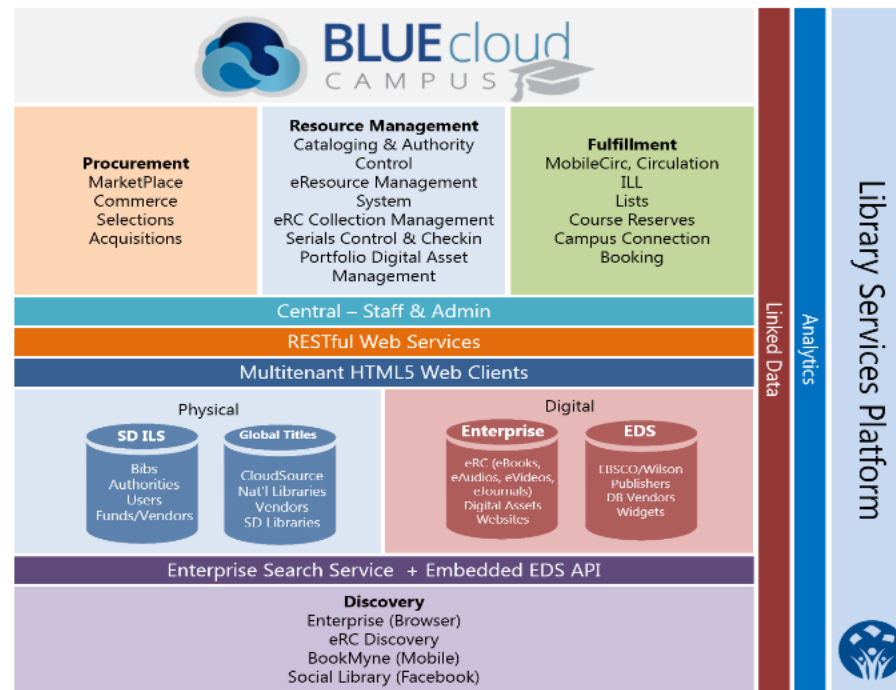

BLUEcloud Lists gives patrons and library staff tools to create, share and publish resource lists to support library purchasing workflows, contextual resource discovery, or to enrich the library's

## What's New in Enterprise 4.5?

Below are just a few of the exciting new features in the latest updates to Enterprise 4.5:

- **Interfiled EDS Results** - eJournal results are interfiled with Enterprise results using proper relevance ranking
- **Full Text Access with Enterprise Login** - Single-click access to SmartLinks, plus clear prompts for content previews and resolver linking
- **Publication Placards** - EDS searches with an exact journal match will allow for a direct search within the journal
- **Research Starters** - popular searches will show encyclopedia entries, related information, bibliographies, etc.
- **Full Text Finder** - EBSCO Full Text Finder is integrated; relevance searching and discipline browsing of eJournal titles
- **Updated CSS** - New modern, clean CSS with updated structural changes to make customization easier
- **Portfolio Updates**

## Virtual Library Tour

and publish resource lists to support library purchasing workflows, contextual resource discovery, or to enrich the library's web presence.

Key to your success will be community engagement. BLUEcloud Lists offers an attractive, easy-to-use *bookmarklet* that lets patrons capture resource information in the interfaces which they prefer, whether they're using Amazon, Google Scholar or the library catalogue.

## Integration with Courseware

Colleges and universities can publish reading lists in the virtual learning environment based on a user's programme of study. Students no longer have to search the catalogue to locate course reading, while lecturers no longer need issue copies of lists on paper.

## Device-Agnostic Bookmarklet

Encourage participation in the creation and ongoing maintenance of reading lists by giving patrons a tool which they can use on any device in a range of different browsers, and with a range of vertical search platforms.

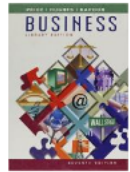

## One Discovery Interface

Publish and support discovery of lists through the SirsiDynix BLUEcloud discovery platform, thereby delivering an enriched resource discovery experience. Library staff also benefit by having
