5 Must-Dos to Maximize Your Discovery Experience

1

Go All-in On Mobile

This is where you'll find your users

Global Mobile vs Desktop vs Tablet Usage

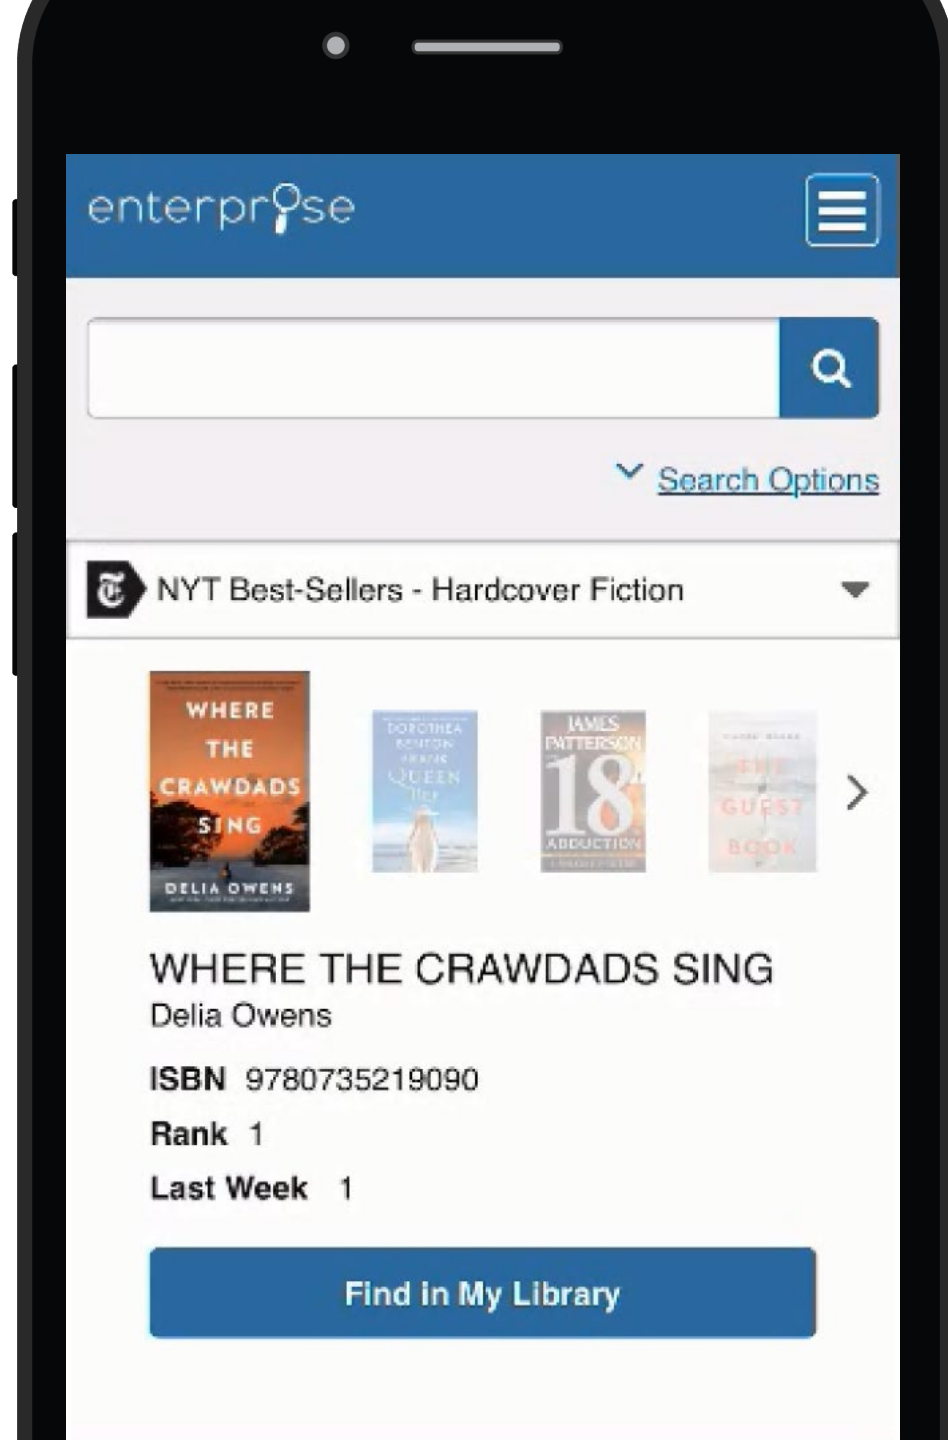

Mobile Browser

Casual users will prefer to use a responsive website

Give the frequent/power users the option of opening/downloading the app instead

Brand it to your library with your unique content

Don't dumb it down—it should be fully functional

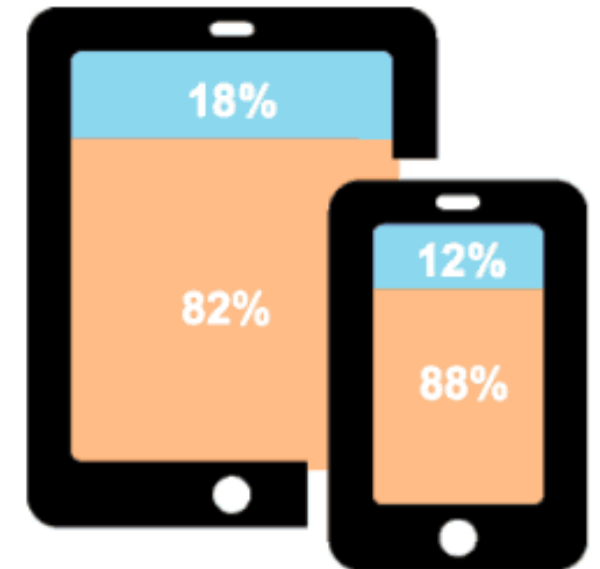

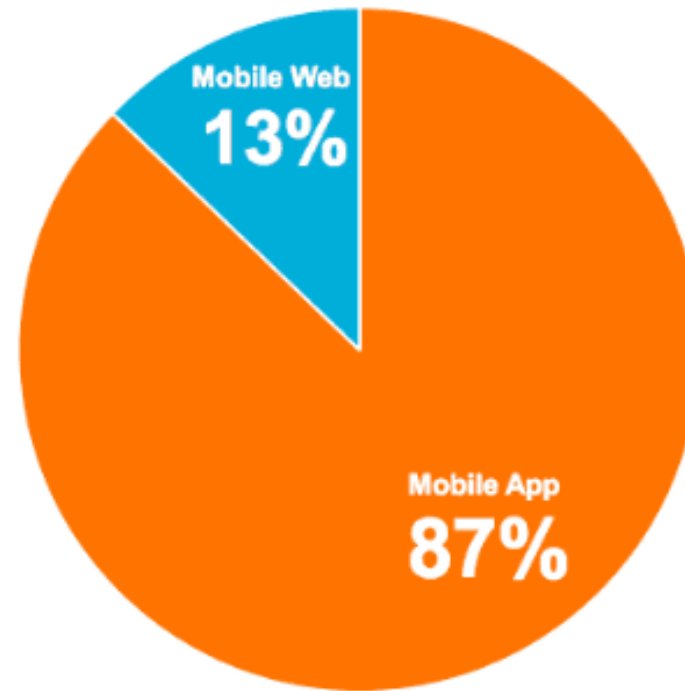

Mobile Web vs Mobile App

Mobile users are spending 87 percent of their time in apps, versus just 13 percent on the web.

Share of Time Spent on Mobile: App vs. Web

Mobile App

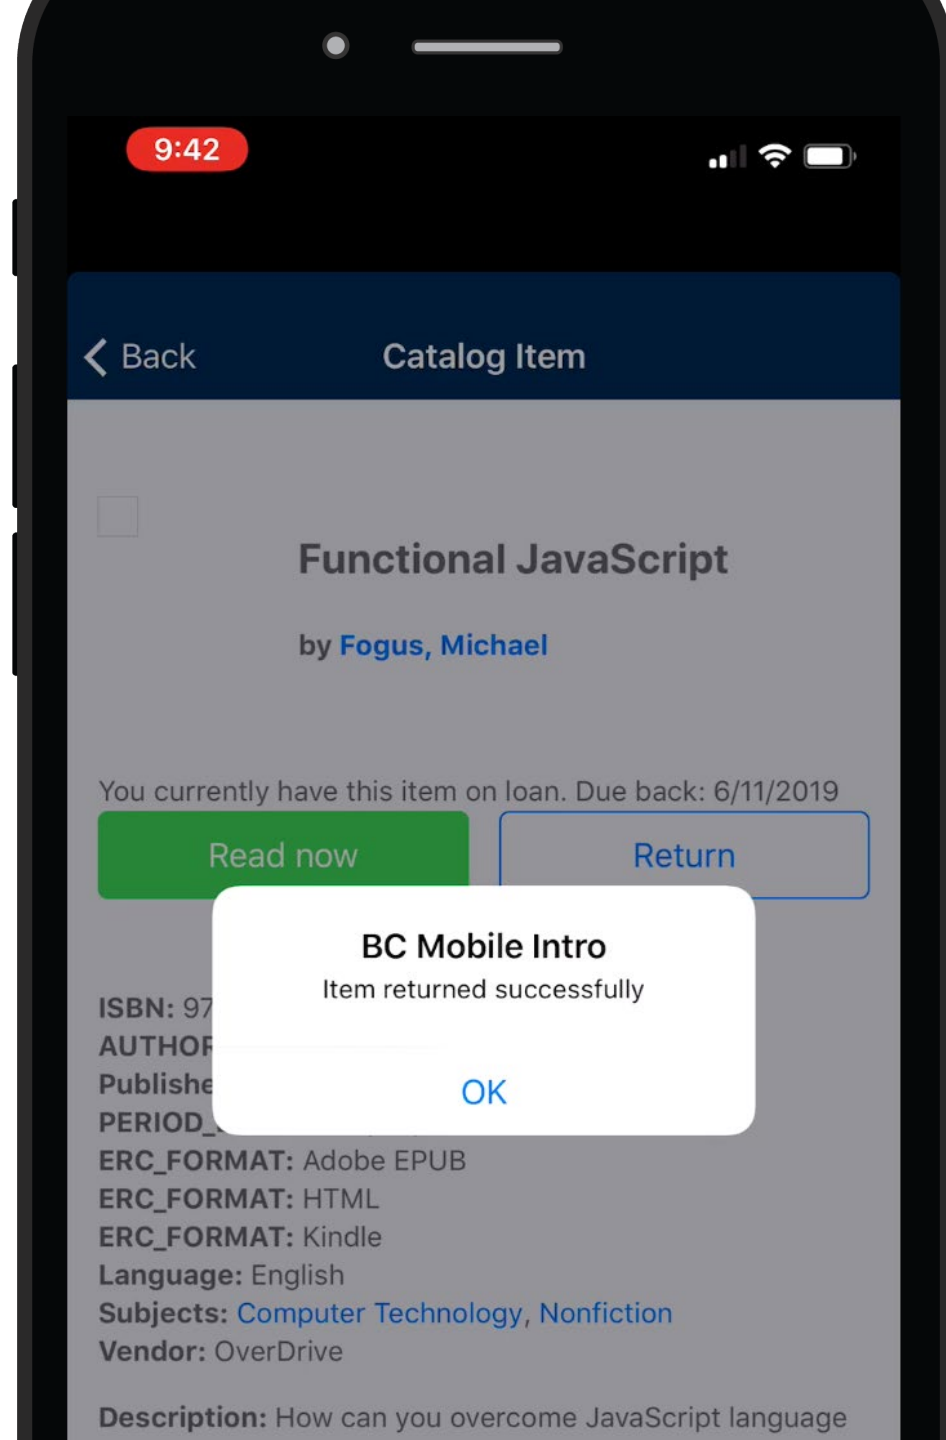

Brand it to your library

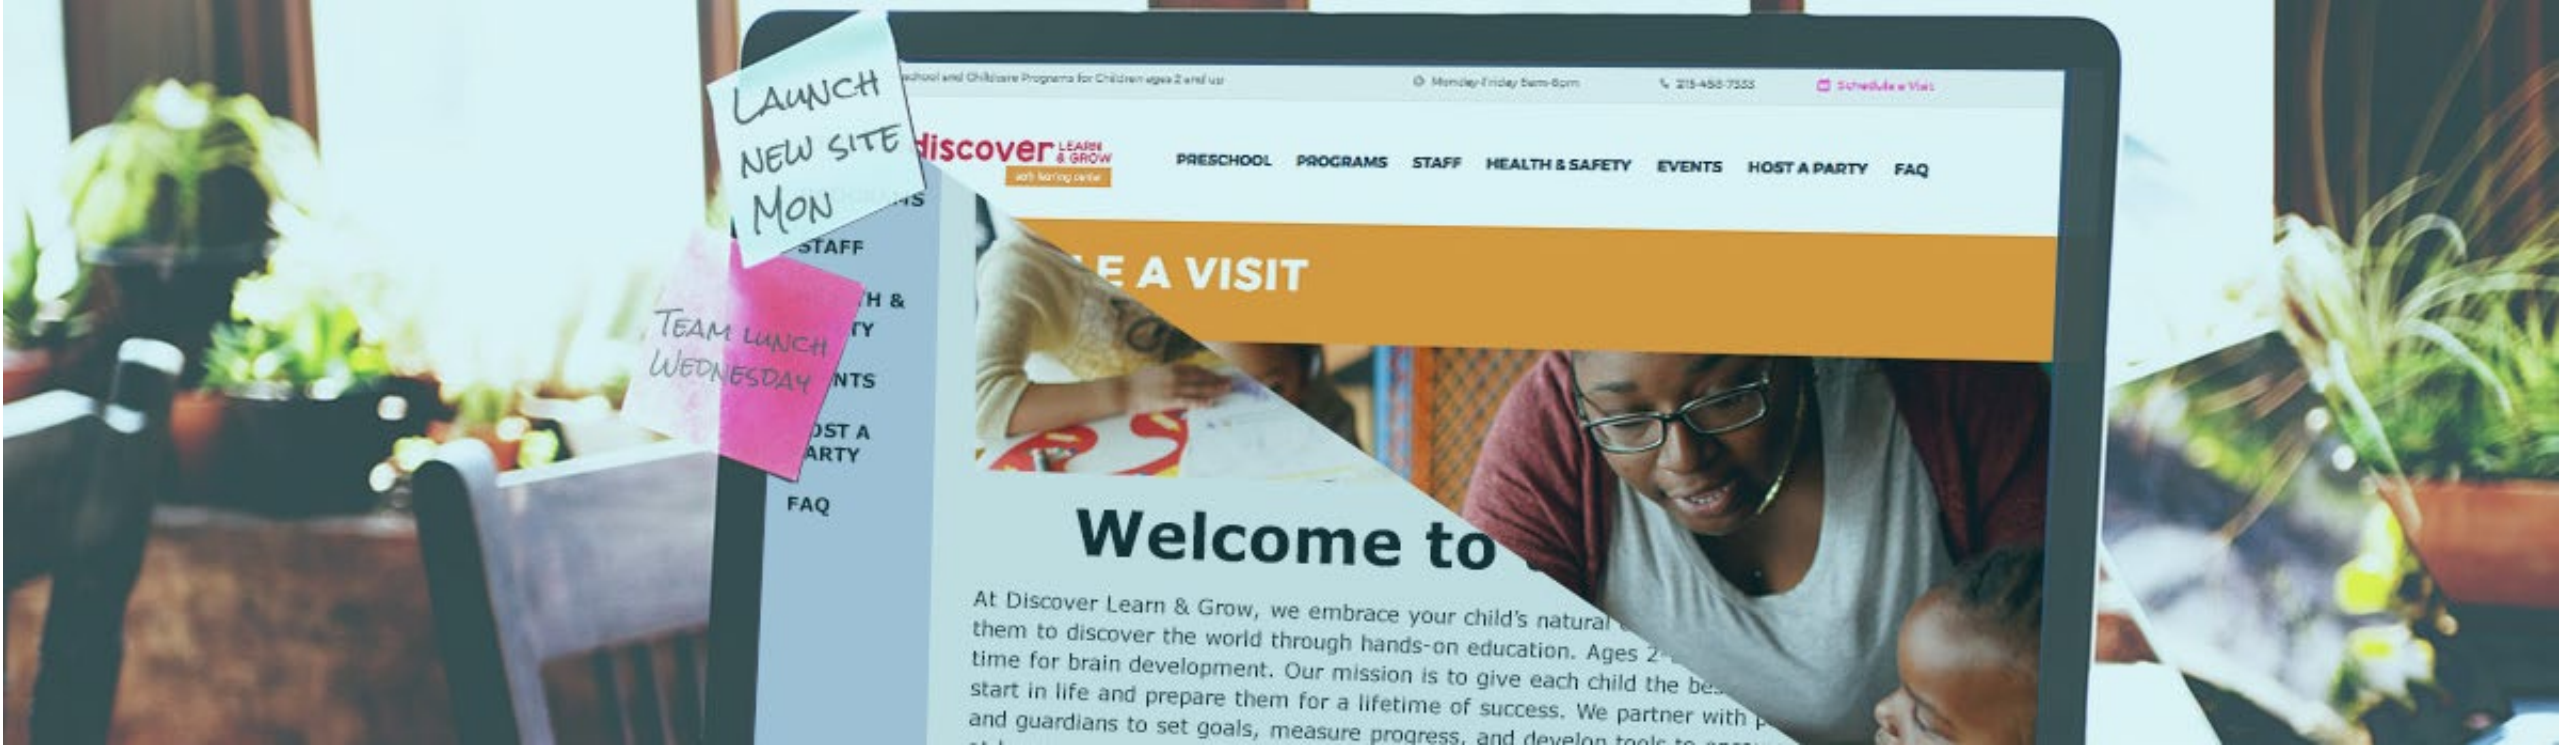

Include enough unique features to make it worth the download, e.g.:

Self Service

Beacons

Virtual Library Card

Give Your Discovery a Makeover

Your library is unique, and your discovery should reflect that
